

C O N T E N T S

GH. NISTOR, GH. CHIȚEA Our Colleague – Professor Aurel Rusu Celebrated His 95th Anniversary	5
A. C. BADEA, GH. BADEA Comparative Study on How to Register Property in Other Countries	7
M. AFRASINEI, M. PALAMARIU, F. VARLAM, S. APOSTOL Vertical Deformation Determination for Bridges by Loading with Test Convoys.....	15
M. CÂRDEI, R. M. MIHALACHE (FICIUC) Aspects Regarding the Necessity of a Unique Management of all the Cadastral Information in the Local Public Administration.....	21
C. CRISTEA Conventional and Unconventional GIS Applications	29
V. DANCIU, T. RUS, C. MOLDOVEANU, A. CALIN, C. MARCU Aspects of geodetic practice in the area of Vrancioaia Geodynamic Micropolygon.....	35
L. DEVRIENDT, J. BONNE, C. DUMITRU Orbit GT Bridges the Gap between Airborne and Mobile Mapping	43
C. DIDULESCU, A. SAVU Some Aspects Regarding the Implementation of the Integrated System on Cadastre and Real Estate Publicity eTerra	53
P. GADEI, I. HUSARU 3D City modelling using conventional surveying methods – applications and advantages	59
N. HASANAGAS, E. MARSELOU, A. STYLIADIS, E. PAPADOPOULOU, C. KAKALI University Campus Quantitative Analysis with SocioSpatial Functionality: the Alexander Institute of Technology (Thessaloniki) Case Study	65
I. S. HERBAN, A. ALIONESCU Creating 3D Model And Bathymetric Contour Map Using A Modern Topographical Approach.....	73
A. IONASCU Influence of the Mobile Device Height on the RSSI in a WLAN Positioning System	79
A. IONASCU Implementing a Wireless Positioning System in a Complex Architecture Building	87
R.M. MIHALACHE (FICIUC) Coordinate Transformations for Integrating Map Information in the New Geocentric European System using Artificial Neuronal Networks	97

I.-M. MOISOIU, J. NEUNER Improvements of Uderground Utility Mapping Methods	105
D. C. NICA, D. PADURE, G. MIHAI Aspects Regarding the Informational System of Land Registry Office	109
S. NISTOR, A. S. BUDA Relative positioning versus Precise Point Positioning	117
GH. NISTOR, CR. ONU, I. CTIN GREȘIȚĂ Contributions to Removing Indetermination in Obtaining the Fixed Landmarks Elevations of the Reference Network, in the Study of Vertical Behaviour of Buildings	125
E. ONIGA, M. SUTU On Automatic Texture Growing from Voronoi Computed Building Façade Surfaces using Color Similarity Detection	133
D. PADURE, D. C. NICA Aspects Concerning the Selection of Technical Solutions for Rehabilitation and Modernization of a City Geodetic Network	141
N.-S. SUBA, S. SUBA Possibilities of implementing the quality standards for spatial data into cadastral works	149
