

## CONTENTS

<b>F. Zăvoianu</b> In Memoriam Prof. PhD. Eng. Florea Zăvoianu.....	5
<b>O. Bădescu, A. Călin, P. D. Dumitru, M. Plooreanu, D. A. Nedelcu</b> Mobile platform for astro-geodetic determinations .....	7
<b>N. Boş, M. Palamariu, M. S. Puşcaş</b> Study on the possibilities of the geodetic support network development by using the national triangulation network.....	15
<b>A. Călin, A. Gînţă , P. D. Dumitru</b> Programming the free adjustment of the precise leveling measurements .....	25
<b>M. Cârdei</b> Aspects regarding the study of the real estate dynamics in a locality .....	34
<b>C.Ciuculescu, C.Păunescu,</b> Challenges of the modern aerial photogrammetry.....	40
<b>C. Didulescu, A. Savu, C. Coşarcă, A. Sărăcin, A. F. Negrilă</b> Querying the component data of a graphical cadastral database using Visual LISP program .....	48
<b>P. I. Dragomir, A.F.C. Negrilă, A. Sărăcin</b> Geodesic techniques used to monitoring the wind turbines towers .....	56
<b>D. P. Dumitru, A. Călin, M. Plooreanu, O. Bădescu, D. Badea,</b> GNSS support for bathymetry .....	64
<b>I. Dumitrescu, D. Badea, M. Plooreanu, D. P. Dumitru, A. Călin, O. Bădescu</b> Some particularities in generation of orthophoto process.....	72
<b>I. Greşită, Gh. Nistor,</b> The use of physical and geodetic methods in tracking the construction activity behaviour.....	82
<b>I. Greşită, Gh. Nistor, I. Maican</b> Analysis of displacements for flue gas desulphurization unit of thermal power plant Turceni.....	90
<b>M. - R. Gridan, C. Grecea</b> 3D Modeling using freeware .....	96
<b>I. S. Herban, C. B. Vîlceanu, A. Alionescu</b> Application of close-range photogrammetry to cultural heritage .....	104
<b>H. I. Hogas, M. Cârdei, C. Bofu</b> Using Quantum GIS to identify the writing errors in property titles within cadastral works .....	112
<b>C. Hutanu, D. Padure</b> Suggestions on improving the Agricultural Informational System created to support farmers in Romania.....	121
<b>A. Ş. Ilie</b> Geostatistics Kriging Method as a Special Case of Geodetic Least-Squares Collocation.....	127

<b>A. S. Ilie</b>	
Combining GNSS and Terrestrial Observations in 2D Geodetic Networks through Sequential Adjustment.....	135
<b>T. Jancso</b>	
Accuracy of Digital Terrain Models Generated by Image Matching .....	143
<b>A. Jocea, C. Cristea</b>	
Integration of Terrestrial Laser Scanning and GIS Techniques.....	149
<b>L. Kapeta, C. Kyriakou, M. Xygki</b>	
Ancient Philippi: Connection and Designation of Urban & Suburban area of Krinides .....	157
<b>D. Lăcătușu (Răboj), D. Onose</b>	
Valuation approaches applied to valuation of lands with special destination.....	165
<b>A. A. Lazar, D. Padure, C. Pirvan</b>	
Using GIS for a database on agricultural land.....	170
<b>A. Loghin, E. Oniga</b>	
The Influence of Camera Calibration Parameters on 3D Buildings Models Creation.....	178
<b>A. Mancia, M. S. Mancia</b>	
Economic Crisis and Real Estate Properties Values.....	186
<b>B. Markus</b>	
Developing sustainable courses in Geoinformatics.....	190
<b>V. Mihalcea, D. Onose</b>	
EDM Calibration - Instrument constants and errors .....	198
<b>V. Mihalcea, D. Onose</b>	
Research regarding the settings of surveying EDM instruments in laboratory and on the field .....	204
